REALTORS®

PROFESSIONAL STANDARDS

And The

CODES
OF
ETHICS

The Code of Ethics (COE) represents a social responsibility that all REALTORS® must abide. The Code establishes that REALTORS® maintain a high level of ethical standards guiding our practice as it sets a consistent and common sense of integrity.

Our culture is to abide by the Code and accept that we have an obligation of duty to clients, the public and fellow members. We collectively measure ourselves against the Code and it is what sets us apart from other real estate practitioners.

PROFESSIONAL STANDARDS

The single, most outstanding characteristic that sets REALTORS® apart from other real estate practitioners is the willingness to accept and abide by the Professional Standards of the NATIONAL ASSOCIATION OF REALTORS®.

Your local board of REALTORS® offers its members and their clients and customers a vehicle to economically expedite ethics complaints and/or arbitration requests without going to court. Even before filing an ethics complaint or arbitration request, our Ombudsman program can often be used to resolve disputes without a formal hearing.
